Directed to the Animals Committee

19.206 (Rev. CoP20)

The Animals Committee shall:

a) review any relevant update of the Guidelines for the Conservation of Lions in Africa that relate to the Committee's mandate and that has been brought to the Committee's attention by the Secretariat;

b) review the report on the comparative study of African lion populations trends and conservation and management practices with special attention to gaps in population data, highlighted in the comparative study, and the information reported by the Secretariat under Decision 19.205 (Rev. CoP20) and submit recommendations to the Secretariat, the Standing Committee and African lion range States, as appropriate.

Directed to Parties

19.208

Parties, including range States and consumer countries of African lion, as relevant, are encouraged to:

- a. undertake national population estimates where necessary to enable proper monitoring and drafting of ndf's
- b. increase enforcement efforts to detect illegal, unreported or misreported trade in specimens of African lion and other big cats;
- c. use, where appropriate, South Africa's Barcode of Wildlife Project to help identify lion specimens in trade and, when importing lion specimens from South Africa, collaborate where necessary with relevant authorities in South Africa to improve the traceability of such specimens;
- d. provide details on the observed and/or removed lion body parts in trade when collecting and communicating data on illegal killing and illegal trade in lions to CITES in their annual reports; and
- e. cooperate on lion conservation, including by sharing information on lion populations, illegal killing and illegal trade.
